Camera Bundles

Medium Format Camera bundle (full Graflok 23 kit, including standard Focus Unit and front spacer 20, but no lens kit): **\$150**

Large Format Camera bundle (full Graflok 45 kit, including Graflok 45 RS-20 Back Adapter, standard Focus Unit and at least one Front Spacer [varies depending on lens kits added], but no lens kit): **\$200**

RS-30 version: +10

RS-40 version: +25

RS-0 version: (same price as RS-20)

MUP Camera bundle: Includes special Mamiya Universal Press body panel with standard Focus Unit and front spacer. This camera accepts any MUP back adapter (M back, G back, or direct Polaroid back; just like the Universal Press, it doesn't not accept roll film backs without an intermediary back adapter). **\$250**

Instax Wide Motorized Universal Camera: Includes special Instax Wide camera body and standard focus unit. Standard version is for 65mm+ lenses. It can also be used with our M-Press

lens adapter kit. If you want our ultrawide version, please specify. It works with 35mm – 75mm lenses, but begins to vignette at longer focal lengths than that. \$565

ST Camera: Includes a handmade Mercury ST camera, including the front panel and an ST Insert of your choice: Mamiya/Phase One, Hasselblad V Type 1, Hasselblad V Type 2, or Contax 645. Focus units, lens kits, and Ground Glass Insert sold separately. \$450

View Lens Kits (for any lens in the Mercury View Lens Database) are \$30 each. Each lens kit includes a mounting plate, a barrel if necessary, a special front spacer if necessary, a sportfinder reticule and eyepiece, a precisely calibrated focus scale, and a depth of field scale.
